Speick Men After Shave Lotion, 100ml

Art.-Nr. 185

Natural After Shave Lotion with skin toning and revitalising witch hazel extract. A refreshingly aromatic fragrance composition with essential oils, such as lavender oil and menthol, invigorates the senses. Sorbitol moisturises stressed skin and supports the skin's own hydro-lipid balance – especially effective following a wet shave. Each Speick product contains the unique extract of the high alpine Speick plant from biologically regulated wild harvesting (kbW).

Application note: After shaving, put some aftershave lotion in your hand and spread it on your chin and cheeks and work it gently into the skin. Enjoy the fragrance and freshness.
