Green Soap, Moroccan Lava Clay, 100g

Art.-Nr. 619

12 M

Face and body soap made from valuable plant oils – enriched with Moroccan lava clay. Mildly nurturing and fragrant. Moroccan lava clay, also called Ghassoul, has been used since the 12th century in northern Africa, especially in Tunisia and Morocco, for facial, hair and body care. Thanks to its absorption power, the clay mineral is particularly suitable for quickly oily skin. Green lava clay can absorb excess oil and dirt without drying out the skin. It is a natural detergent that effectively supports the soap effect. The Green Soap offers deep pore cleansing and gives a healthy skin feeling. Crafted according to Speick Natural Cosmetics' traditional soap recipe with RSPO-certified palm oil from sustainable cultivation as well as coconut and olive oil. Suitable for all skin types, especially for oily and impure skin. Basic care.

Application note: Lather soap in cold or lukewarm water and enjoy the fine fragrant, rich and creamy foam. Gentle on the skin, even when used daily on the face and body.

Packaging: FSC-certified paper folding box, printed with environmentally friendly colours. For optimal recycling, dispose of folding box in waste paper.

Certified Natural Cosmetics (COSMOS): Free from mineral oils. Gluten- and lactose-free. Basic care. Dermatologically and allergologically tested. With RSPO certified palm oil from sustainable cultivation. Readily biologically degradable according to OECD-criteria.

Ingredients (INCI): Sodium Palmate, Sodium Cocoate, Aqua (Water), Sodium Oliviate, Glycerin, Parfum (Fragrance), Moroccan Lava Clay, Cetearyl Alcohol, Glyceryl Stearate, Potassium Stearate, Potassium Palmitate, Sodium Gluconate, Sodium Chloride, Sodium Thiosulfate, CI 77288, Cinnamyl Alcohol, Citronellol, Geraniol
