

PRODUCT INFORMATION

Speick Thermal Sensitiv Hyaluronic Acid Serum, 15ml

Art.-Nr. 436

 6 M

High-yield hyaluronic acid serum with instant effect for face and décolleté. The serum has a silky, light texture and a fine fruity fragrance. The highly active ingredient composition contains intensively moisturising purely plant-based hyaluronic acid, skin-protecting, revitalising ectoine, concentrated algae extracts to regulate the skin balance and soothing organic aloe vera gel. The highly concentrated serum actively supports the skin in replenishing its moisture reserves and has an instant revitalising effect. With the benefits of thermal water from the Schlangenbad spa mineral springs containing silicic acid. Each Speick product contains the unique extract of the high alpine Speick plant from biologically regulated wild harvesting (kbW).

Application note: As intensive care, apply generously to individual skin areas, e.g. the eye area or décolleté. Tip: A tiny amount of the hyaluron serum, distributed on both backs of the hands, is either sufficient on its own for delicate hands or also provides a moisturising base for applying hand cream.

Packaging: FSC-certified folding box made of paper, printed with environmentally friendly colours. Airless dispenser to protect against air and contamination. For optimal recycling, dispose of dispenser in recycling waste and dispose of folding box in waste paper.

Certified Natural Cosmetics (COSMOS): Free from synthetic fragrances and colours, silicones, parabens and mineral oils. Gluten- and lactose-free. 99.9% natural origin of total. Dermatologically and allergologically tested.
