

## Product Information

**Hair Soap, 45 g**

**Certified natural cosmetics (COSMOS Natural)**

Natural hair soap for easy and thorough cleaning of hair. Made from high-quality plant oils and pure essential oils. Hair care with Fair Trade Argan oil from Moroccan Argan trees for beautiful, strong hair and silky shine right up to the tips. Wheat proteins ensure good combability. The silicone-free hair soap cleans the hair gently and thoroughly and gives it a noticeable fullness.

## Application

1. Lightly lather up the soap with your hands and work the foam into the wet hair. Then rinse the hair thoroughly. Recommendation: Do not rub the entire piece of soap over the hair, but only work in the foam with your hands.
2. Repeat the washing process: During the first wash the dirt and dust particles are taken up and removed, in the second wash the thorough deep cleaning takes place. During the second wash, the soap usually foams much more strongly in the hair.
3. Then rinse with an acidic rinse (1 tbsp vinegar to 800 ml water), no further water is needed for rinsing. Alternatively, a conditioner can also be used, for example the Speick Natural Active Hair Conditioner.

## Low-resource packaging

The simple banding of the soap avoids unnecessary packaging waste.
