

Product Information

Speick Men Shaving Foam

For a moisturising shave

This rich shaving foam containing natural ingredients and creamy waxes gently cares for men's skin during shaving. Aloe Vera gel from biologically regulated cultivation calms and moisturises the skin to prevent irritations. Wheat proteins help to smooth the skin.

100 % free from colours, preservatives and mineral oil-based ingredients. Dermatologically and allergologically tested. Vegan.

Note: Shake well before use and keep the container upright when dispensing the foam.
