

Product Information

Speick Natural Face Intensive Care Cream Light (Certified Natural Cosmetics, BDIH)

Protects cell membranes + energises, + Q10

Normal and Combination Skin.

Easily absorbed, balancing moisturising cream with Q10 for normal and combination skin. A carefully selected composition of premium quality ingredients harmonises skin after reinvigorating, gentle cleansing. The nutrient-rich extract of the baobab fruit is high in antioxidants and stems from a Fair trade women-project in Burkina Faso. Moisturising aloe vera and avocado oil optimise the skin's own hydro-lipid balance and support its vital functions. Marigold extract soothes and moisturises, witch hazel improves skin tone. Each Speick product contains the harmonising extract of the high alpine Speick plant from biologically regulated wild harvesting (kbW).

100% free from artificial fragrances, colours and preservatives, mineral oil-based ingredients, silicones and parabens. Dermatologically and allergologically tested. Vegan.

Tip: Apply to carefully cleansed face. Ideal as a make-up base.
